

## MEN OF CALVARY... WE NEED SOME HELP!

Are you kind of handy around the house? We have widows, single mom's, and disabled Calvary Church members that need some help! We're looking for VOLUNTEERS - skilled and unskilled, to perform some "handyman" type of repairs and chores that are being left undone. Some of these loved ones are embarrassed to even ask for help. Can you volunteer a few minutes or a couple hours once a month, quarter or just one time to help these folks in need?

When this gets off the ground, there will likely be more requests, but here are some current examples: fixing or replacing an outside dripping faucet, trimming high and low hedges, topping and shaping some trees, painting a short 20 ft picket fence, puttying & painting a 10 ft sill-outside a sliding glass door. Some of these will only take a few minutes and some will take more time. The more volunteers the merrier... and the less time any one person needs to spend away from his own chores.

Please fill out the other side of this form to let us know what you're skilled at or willing to do and when you would be available. Turn the form in today or drop it off at the Adult Ministry office (Building D) when you're at the church. If it's easier to call the Adult Ministry office to sign up, please do so.
